Annual Index

Volume 19/1988

Authors

Attfield, M. D., Stobbe, T. J., Plummer, R. W., and Jensen, R. C. Incidence of low back injuries among nursing personnel as a function of patient lifting frequency, 19(1):21–28.

Blomberg, R. D., Preusser, D. F., and Ulmer, R. G. Evaluation of the 1982 Wisconsin drinking and driving law, 19(1):29–40.

Bobick, T. G., Marras, W. S., Lavender, S. A., Rockwell, T. H., and Lundquist, R. L. Risks of hand tool injury in U.S. underground mining from 1978 through 1983, part I: Coal mining, 19(2):71–85.

Bobick, T. G., Marras, W. S., Lavender, S. A., Rockwell, T. H., and Lundquist, R. L. Risks of hand tool injury in U.S. underground mining from 1978 through 1983, part II: Metal-nonmetal mining, 19(3): 115–124.

Brick, M., and Lago, J. The design and implementation of an observational safety belt use survey, 19(2):87–98.

Campbell, B. J. The association between enforcement and seat belt use, 19(4):159–163.

Cosby, P. J., and Wells-Parker, E. Behavioral and employment consequences of driver's license suspension for drinking driving offenders, 19(1):5–20.

Doege, T. C. Illnesses and crashes—Is there a relationship? 19(3):145–150.

Harner, L. M. Standard morbidity ratios for work-related amputations and fractures by occupation, 1979–1981, 19(3):103–113.

Jensen, R., and Sinkule, E. Press operator amputations: Is risk associated with age and gender? 19(3):125–133.

Jensen, R. C., Stobbe, T. J., Plummer, R. W., and Attfield, M. D. Incidence of low back injuries among nursing personnel as a function of patient lifting frequency, 19(1):21–28.

Lago, J., and Brick, M. The design and implementation of an observational safety belt use survey, 19(2):87–98.

Lavender, S. A., Marras, W. S., Bobick, T. G., Rockwell, T. H., and Lundquist, R. L. Risks of hand tool injury in U.S. underground mining from 1978 through 1983, part I: Coal mining, 19(2):71–85.

Lavender, S. A., Marras, W. S., Bobick, T. G., Rockwell, T. H., and Lundquist, R. L. Risks of hand tool injury in U.S. underground mining from 1978 through 1983, part II: Metal-nonmetal mining, 19(3): 115–124.

Lui, K.-J., McGee, D., Rhodes, P., and Pollock, D. An application of a conditional logistic regression to study the effects of safety belts, principal impact points, and car weights on drivers' fatalities, 19(4): 197–203.

Lund, A. K., and Preusser, D. F. *And keep on looking*: A film to reduce pedestrian crashes among 9 to 12 year olds, 19(4): 177–185.

Lundquist, R. L., Marras, W. S., Bobick, T. G., Lavender, S. A., and Rockwell, T. H. Risks of hand tool injury in U.S. underground mining from 1978 through 1983, part I: Coal mining, 19(2):71–85.

Lundquist, R. L., Marras, W. S., Lavender, S. A., Bobick, T. G., and Rockwell, T. H. Risks of hand tool injury in U.S. underground mining from 1978 through 1983, part II: Metal-nonmetal mining, 19(3): 115–124.

Marras, W. S., Bobick, T. G., Lavender, S. A., Rockwell, T. H., and Lundquist, R. L. Risks of hand tool injury in U.S. underground mining from 1978 through 1983, part I: Coal mining, 19(2):71–85.

Marras, W. S., Lavender, S. A., Bobick, T. G., Rockwell, T. H., and Lundquist, R. L. Risks of hand tool injury in U.S. underground mining from 1978 through 1983, part II: Metal-nonmetal mining, 19(3): 115–124.

Maybee, R. G., Wagenaar, A. C., and Sullivan, K. P. Mandatory seat belt laws in eight states: A time-series evaluation, 19(2):51–70.
McGee, D., Lui, K.-J., Rhodes, P., and Pollock, D. An application of a conditional logistic regression to study the effects of safety belts, principal impact points, and car weights on drivers' fatalities, 19(4): 197–203.
Mortimer, R. G. A further evaluation of the motorcycle rider course, 19(4):187–196.
Myers, J. R., and Trent, R. B. Hand tool injuries at work: A surveillance perspective, 19(4):165–176.
Olson, P. L., and Sivak, M. Toward the development of a field methodology for evaluating discomfort glare from automobile headlamps, 19(3):135–143.
Planek, T. W. A year of celebrations and promise for safety research, 19(2):49–50.
Plummer, R. W., Stobbe, T. J., Jensen, R. C., and Attfield, M. D. Incidence of low back injuries among nursing personnel as a function of patient lifting frequency, 19(1):21–28.
Pollock, D., Lui, K.-J., McGee, D., and Rhodes, P. An application of a conditional logistic regression to study the effects of safety belts, principal impact points, and car weights on drivers' fatalities, 19(4): 197–203.
Preusser, D. F., Blomberg, R. D., and Ulmer, R. G. Evaluation of the 1982 Wisconsin drinking and driving law, 19(1): 29–40.
Preusser, D. F., and Lund, A. K. *And keep on looking:* A film to reduce pedestrian crashes among 9 to 12 year olds, 19(4): 177–185.
Reichle, M., and Waigandt, A. The potential effects of accident prevention on population longevity, 19(1):41–44.
Rhodes, P., Lui, K.-J., McGee, D., and Pollock, D. An application of a conditional logistic regression to study the effects of safety belts, principal impact points, and car weights on drivers' fatalities, 19(4): 197–203.
Rockwell, T. H., Marras, W. S., Bobick, T. G., Lavender, S. A., and Lundquist, R. L. Risks of hand tool injury in U.S. underground mining from 1978 through 1983, part I: Coal mining, 19(2):71–85.
Rockwell, T. H., Marras, W. S., Lavender, S. A., Bobick, T. G., and Lundquist, R. L. Risks of hand tool injury in U.S. underground mining from 1978 through 1983, part II: Metal-nonmetal mining, 19(3): 115–124.

Wells-Parker, E., and Cosby, P. J. Behavioral and employment consequences of driver's license suspension for drinking driving offenders, 19(1):5–20.

Titles

An application of a conditional logistic regression to study the effects of safety belts, principal impact points, and car weights on drivers' fatalities, K.-J. Lui, D. Mc-

Gee, P. Rhodes, and D. Pollock, 19(4): 197–203.

And keep on looking: A film to reduce pedestrian crashes among 9 to 12 year olds, D. F. Preusser and A. K. Lund, 19(4): 177–185.

The association between enforcement and seat belt use, B. J. Campbell, 19(4):159–163.

Behavioral and employment consequences of driver's license suspension for drinking driving offenders, E. Wells-Parker and P. J. Cosby, 19(1):5–20.

The design and implementation of an observational safety belt use survey, M. Brick and J. Lago, 19(2):87–98.

Evaluation of the 1982 Wisconsin drinking and driving law, D. F. Preusser, R. D. Blomberg, and R. G. Ulmer, 19(1):29–40.

A further evaluation of the motorcycle rider course, R. G. Mortimer, 19(4):187–196.

Hand tool injuries at work: A surveillance perspective, J. R. Myers and R. B. Trent 19(4):165–176.

Illness and Crashes—Is There a Relationship? T. C. Doege, 19(3):145–150.

Incidence of low back injuries among nursing personnel as a function of patient lifting frequency, T. J. Stobbe, R. W. Plummer, R. C. Jensen, and M. D. Attfield, 19(1):21–28.

Mandatory seat belt laws in eight states: A time-series evaluation, A. C. Wagenaar, R. G. Maybee, and K. P. Sullivan, 19(2): 51–70.

The potential effects of accident prevention on population longevity, A. Waigandt and M. Reichle, 19(1):41–44.

Press operator amputations: Is risk associated with age and gender? R. Jensen and E. Sinkule, 19(3):125–133.

Risks of hand tool injury in U.S. underground mining from 1978 through 1983, part I: Coal mining, W. S. Marras, T. G. Bobick, S. A. Lavender, T. H. Rockwell, and R. L. Lundquist, 19(2):71–85.

Risks of hand tool injury in U.S. underground mining from 1978 through 1983, part II: Metal-nonmetal mining, W. S. Marras, T. G. Bobick, S. A. Lavender, T. H. Rockwell, and R. L. Lundquist, 19(3): 115–124.

The role of the epidemiological model in injury control, F. J. Vilardo, 19(1):1–4.

Standard morbidity ratios for work-related amputations and fractures by occupation, 1979–1981, L. M. Harner, 19(3):103–113.

Toward the development of a field methodology for evaluating discomfort glare from automobile headlamps, M. Sivak and P. L. Olson, 19(3):135–143.

A year of celebrations and promise for safety research, T. W. Planek, 19(2):49–50.
